

Find Your Encoder

Joral Devices offers a variety of features and options so we can provide the right encoder for you.

Pick a Shell...

1.97" Round 	58 mm Round 	68mm Round 	30 mm Round 	2.25" Square 
--	--	---	--	---

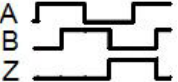

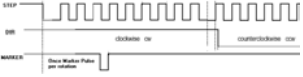

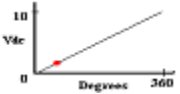

Pick a Shaft...

Round Shaft 	Slotted Shaft 	Round with Flat 	Metric - 6 mm / 10 mm Other sizes available.	English - 0.375" Other sizes available.
--	--	--	---	--

Pick a Connector...

Easy-Wire (standard) 	Circular Mounted 	Circular on Cable 	Pig-Tail Wires at the desired length. 	Tell us what type connector you need and we will provide it.
---	---	--	---	--

Pick an Output...

Quadrature Output - 200 Pulses per Revolution - 125 Pulses - 100 Pulses - 80 Pulses	Quadrature Output - 256 Pulses (standard) - 128 Pulses 	Step & Direction 	PWM 	Analog DC Voltage 
--	--	---	---	---

Other Options...

Supply Voltage - 6 to 30 Volts (standard) - 4.5 to 16 Volts	Enclosure Material - Aluminum (standard) - Plastic	Output Drivers - Push / Pull (standard) - Sink - Source	Microprocessor Enabled - Additional Inputs/Outputs - Logic or Algorithms - PLC Logic substitute	Mechanical - Mounting Brackets - Custom Enclosures - Pig-Tail wires
